Digital Operations

Kia ora PMS Vendors,

We'd like to notify you of a change to Cost of Treatment Regulation pricing.

We will be implementing some pricing uplifts for some of our provider groups. Following a final decision on the regulations by cabinet next week, we expect the new pricing will be implemented on 1 April 2023 (dependent on decision/cabinet hearing going ahead).

We've included the new codes and pricing in the attached document link.

[PMS code list v17_02_17 February 23.xlsx](#)

The password will be sent in a separate email.

Shortly, we'll be notifying the providers on Cost of Treatment Regulations that they'll be able to lodge higher payment rates with us.

We'll also introduce the option to invoice us a combined rate for Nurse Practitioner and Registered Nurse services.

To enable this to happen, we're asking that PMS (Practice Management System) vendors **prepare and test these codes and new prices as a priority.**

We trust that by telling you about these changes now, you'll have time to implement the software required to support your customers by 1 April.

For all further questions, please contact digitaloperations@acc.co.nz

Ngā mihi,

ACC Digital Operations
