Recently we let you know we're starting to develop some software solutions that will support Integrated Care Pathways - our innovative way of managing people with injuries that require multiple rehabilitation services. More general information about ICP and the introductory email can be found [here](#).

We promised an opportunity to learn more and ask questions early; this is that invitation.

We will be hosting webinars at the following times:

- Tuesday 28 February noon – 1.00pm
- Thursday 2 March 4.00 – 5.00pm

Note: These will be recorded to share with those unable to attend live.

Not essential, however feel free to email your questions before 28 February to integratedcarepathways@acc.co.nz

To register for either webinar click on this link [Booking Page](#)

This takes the user to a **Booking Page** to **Select a Service** as shown below.
