Digital Operations

Kia ora,

This Code List relates to MECA Update price adjustment and NAR Variation

The updated Multi-Employer Collective Agreements (MECA) have resulted in price adjustments for **Allied Health Services, Burns and Scar Management Service, Orthotists Services** and **ISSC -Integrated Services for Sensitive Claims** from **1 December 2022**.

In addition, there is a contract variation for **Non-acute Inpatient Rehabilitation** going live from **1 December 2022**. This applies a price uplift, replaces NAR02 with 'packages' of services, introduces provider travel and retires NAR1RF which was a Covid response code. New contracts for **Emergency Transport -Rotary** have just been approved and will apply retrospectively from **1 November 2022**.
